Objective: To use my practical experience with animal care in a position as a veterinary assistant.

Summary

- Strong career interest in veterinary medicine and care.
- Educational background in science: biology major, with courses in chemistry and physics.
- Extensive experience caring for pets: grooming, feeding, walking, training, showing affection.
- Excellent people skills; good at dealing with customers over the phone and in person.

Professional Achievements

Animal Care

- Provided expert care to dogs and cats of many sizes, ages, breeds, and temperaments.
- Exhibited exceptional ability to work with troubled—fearful or aggressive—pets.
- Learned about grooming and health issues associated with specific breeds.

Customer Relations

- Greeted pet owners.
- Handled phone calls and e-mail correspondence with customers.
- Helped store owners display pet products and services in store windows.
